8. [ ] Received a call from Mr. Vincent Monzel, Administrative Assistant to Representative James Broyhill (R., N.C.). Mr. Monzel asked what information brochures are available and whether a personnel interview might be arranged in North Carolina for a close friend of the Representative. I indicated I would check our recruiting schedule for the area.

9. [ ] I advised George Murphy, on the staff of the Joint Committee on Atomic Energy, that Richard Kimmel, of the Committee staff, has been cleared for SI material but it will be necessary for us to obtain a secrecy agreement for him covering this material.

I also informed Murphy that since the Director will be out of town this Friday he will be unable to have lunch with Representative Catherine May (R., Wash.) and him. I told him we would be back in touch with him early next week about other possible dates for their visit.

OFFICE OF LEGISLATIVE COUNSEL

Tuesday - 5 May 1970

25X1 1. [ ] Delivered to Mr. Scott Cohen, in the office of Senator Charles Percy, unclassified material on Soviet control of East European armed forces in response to the Senator's earlier request to Mr. Cord Meyer.

25X1 2. [ ] Accompanied Mr. George Carver, SAVA, who briefed Senators Ernest F. Hollings (D., S. C.) and William Spong (D., Va.) on Cambodia in response to their request. Mr. Carver covered the background of recent events in Cambodia, the present military situation, and possible courses of future enemy action.

25X1 3. [ ] In view of a conflicting commitment of Mr. Bruce Clarke, I called William Miller, in the office of Senator John Sherman Cooper, to ask if it would be possible to change the time of Mr. Clarke's briefing of the Senator in response to questions contained in the Senator's recent letter to the Director. Mr. Miller said this would be entirely convenient and he would call back to set a new time.

25X1 4. [ ] Met with Bill Woodruff, Senate Appropriations Committee staff, and left with him a copy of the spread sheet on our proposed amendments to the CIA Retirement Act. I also talked to him at some length about Senator Ellender's comments on intelligence in the context of the Cambodian operations and the impact of the current developments on the hearing of our Agency budget the week of 18 May. (See Memorandum for the Record.)

25X1 5. [ ] George Murphy, on the staff of the Joint Committee on Atomic Energy, called to determine whether Richard Kimmel and Edith Jack, of the Committee staff, had been cleared for SI material. I told him I would check on this and call him tomorrow.

Murphy also said that Representative Catherine May (R., Wash.) had talked with him about a luncheon visit with the Director and wondered whether it would be convenient for them to come out this Friday. Murphy said if the Director was not available this week that Fridays or Mondays would be the best times for Mrs. May. I told him we would check on the Director's schedule and be back in touch with him.

I assured Crawford of the facts regarding our noninvolvement, which he accepted and seemed to appreciate. He was not aware at the time of Tunney's statement.
